

Lower-Income and Subsidized Veterinary Care

Greater Portland Metro Area and Beyond

There is no government assistance for pet ownership and care. Many of these programs continue through public donations or provide limited care.

Eligibility varies between programs; please inquire with individual programs for specific information. Eligibility is often determined by proof of participation in public assistance programs (OHP, SNAP, SSDI, WIC, Section 8) or by documentation of income below set thresholds. Some programs may require you to apply for financing through Cherry, CareCredit, or ScratchPay before accessing assistance.
